GOVERNMENT OF INDIA
CIVIL AVIATION
LOK SABHA

UNSTARRED QUESTION NO:3175
ANSWERED ON:13.08.2001
TRAINEE PILOTS FLYING HOURS AT FLYING CLUBS
ASHOK ARGAL

Will the Minister of CIVIL AVIATION be pleased to state:

(a) the details of flying hours done by various trainee pilots (whose commercial pilot licence is issued in India) at various flying clubs/institutes in the world during the last three years, year-wise;

(b) the details of flying hours done by different flying clubs/institute during the last three years, year-wise and aircraft-wise;

(c) the details of turnover and net profit/loss of different flying clubs, non schedule operators and schedule operators during the last three years;

(d) the details of the airworthy aircraft available with different flying clubs/institutes;

(e) the number of commercial pilot licence issued and the number of FAA licences conversion done during the last three years; and

(f) the steps taken by the Government to ensure growth of aviation industry?

Answer

THE MINISTER OF CIVIL AVIATION (SHRI SHARAD YADAV)

(a):- The information regarding the flying hours done by an individual trainee pilot (whose Commercial Pilot Licenceis issued in India) at various flying clubs/institutes both in India and abroad is not readily available with the Directorate General of Civil Aviation.

(b):- The details of flying hours done by different flying clubs/institutes/schools during the last three years, year-wise and aircraft-wise are given at Annexure-I.

(c):- The information is being collected and will be laid on the Table of the House.

(d):- The information of the airworthy aircraft available with different flying clubs/institutes/schools is given at Annexure-II.

(e):- The total number of Commercial Pilot Licence (Aircraft/Helicopter) issued during the period 01.04.1998 to 31.03.2001 is 606, out of which 118 FAA licences were converted into their Indian equivalents.

(f):- Concerted efforts are being made to reduce the cost of operation of domestic operation to boost operation of small aircraft to those destinations where Jet aircraft operations cannot be viable. This would ensure greater connectivity between small cities and major destinations located on the trunk routes. Regulations for operation of foreign tourist charters are being reviewed periodically to make this country an attractive tourist destination.
